

Institut Director
Jorge BOCZKOWSKI

Executive Comittee

Institut Council

Researchers' committee
Ingeniors' and technicians' Committee
Doctoral and post-doctoral students' committee

General Secretariat

Technological facilities

Bio informatics platforme
Cell sorting facility
Conventional animal care facility
Génomique facility
Imaging facility
Cell culture labs
Laveries
Luminex
Mass spectrometry/ Steroïdes

Common administrative and technical services

Common administrative service
Quality
Safety
Maintenance
Communication
IT

ESPRY : Neurosciences et psychiatry

Team BACHOUD : Interventional neuropsychologie

Team LEBOYER : Translational psychiatry

Team RELAX : Biology of the neuromuscular system

PHYDES:

Physiopathology of cardiovascular and respiratory diseases, development et senescence

Team CANOUI-POITRINE : Clinical Epidemiology and Aging: Geriatrics, Primary Care and public Health - CEPIA

Team DÉRUMEAUX : Role of cell senescence in pulmonary and cardiovascular diseases

Team GHALEH : Pathophysiology and pharmacology for cardiovascular disease - PROTECT

Team LANONE : Genetic and Environmental interactions in COPD, Cystic Fibrosis and Other (rare) respiratory pathologies – GEIC20

Team LOUIS : Biomechanics & Respiratory apparatus: a multi-scale approach

Team PIRENNE : Transfusion and pathologies of the red blood cell

VIC: Viruses, immunity et cancers

Team COHEN : Immunoregulation and Biotherapy – I BIOT

Team ORTONNE : Neurofibromatosis and lymphoma oncogenesis - NFL

Team LÉVY : Pathophysiology and immunotherapie in HIV infection

Team PAWLITSKY : Virus, Hepathologie, Cancer

Team SAHALI : Pathophysiology of glomerular diseases
