Institute Director Jorge Boczkowski

Executive Comittee

Institute Council

Researchers' committee
Ingeniors' and technicians' Committee
Doctoral and post-doctoral students' committee

General Secretary

Technological facilities

Bioinformatics platform
Cell sorting facility
Conventional animal care facility
Genomic facility
Imaging facility
Cell culture labs
Wash facilities
Biomarker quantification platform

Mass spectrometry/ Steroïds

Common administrative and technical services

Common administrative service
Quality
Safety
Maintenance
Communication
IT

ESPRY: Neurosciences and psychiatry

Team BACHOUD: Interventional neuropsychology
Team LEBOYER: Translational psychiatry
Team RELAIX: Biology of the neuromuscular system

PHYDES:

Physiopathology of cardiovascular and respiratory deseases, development et senescence

Team Canoui-Poitrine: Clinical Epidemiology and Aging: Geriatrics, Primary Care and public Health - CEPIA

Team DÉRUMEAUX: Role of cell senescence in pulmonary and cardiovascular diseases **Team GHALEH**: Pathophysiology and pharmacology for cardiovascular disease - PROTECT

Team LANONE: Genetic and Environmental interactions in COPD, Cystc Fibrosis and Other (rare) respiratory

pathologies – GEIC2O

Team Louis: Biomechanics & Respiratory apparatus: a multi-scale approach **Team PIRENNE**: Transfusion and pathologies of the red blood cell

VIC: Viruses, immunity et cancers

Team COHEN: Immunoregulation and Biotherapy – I BIOT

Team ORTONNE: Neurofibromatosis and lymphoma oncogenesis - NFL

Team LÉVY: Pathophysiology and immunotherapy in HIV infection

Team Pawlotsky: Virus, Hepathology, Cancer **Team Sahali**: Pathophysiology of glomerular diseases
