

Institute Director
Sophie LANONE

Executive Comittee

Institute Council
Researchers' committee
Ingeniors' and technicians' Committee
Doctoral and post-doctoral students' committee

General Secretary
Nelly LEBRET

Technological facilities

Bioinformatics platform
Cell sorting facility
Conventional animal care facility
Genomic facility
Imaging facility
Cell culture labs
Wash facilities
Biomarker quantification platform
Mass spectrometry/ Steroids

Common administrative and technical services

Common administrative service
Quality
Safety
Maintenance
Communication
IT

| Current Team Name | Team acronym | Project leader |
|---|--------------|--------------------|
| DREpAnocytosis and heMolysisS | DREAMS | P. Bartolucci |
| Chemokines, Phagocytes and Inflammation | STORM-MI | A. Boissonnas |
| Clinical Epidemiology and aging | CEpiA | F. Canoui-Poitrine |
| Immunoregulation and Biotherapy (I-BIOT) | I-BIOT | J. Cohen |
| Stem Cells, Tissue Repair and Neurofibromatosis Type 1 | StemRepairNF | C. Colnot |
| Senescence, Vulnerability and Chronic Diseases | SENCODE | G. Derumeaux |
| Pharmacology and Technologies for cardiovascular diseases | PROTECT | B Ghaleh-Marzban |
| Acceleration of the development of innovative vaccines against HIV/AIDS and (re)-emerging infectious diseases | Accelerates | V. Godot |
| Translational NeuroPsychiatry | TNP | S. Jamain |
| Genetic and environmental interactions in COPD, cystic fibrosis and other (rare) respiratory pathologies | GEIC2O | S Lanone |
| Biomechanics of Circulation and Respiration in Critical illness | BIOCRIT | A. Mekontso-Dessap |
| Pathophysiology & Therapeutic Musculo-Skeletal System | Muskether | E. Malfatti |
| Preclinical Models & Oncogenesis of T-Cell Lymphomas | Moon-LYT | N. Ortonne |
| Viruses, Hepatology, Cancer | VHC | JM Pawlotsky |
| TRAjectories of Cognitive decline and Recovery | TRACeR | P. Remy |
| Muscle Stem cells and Therapies | MUSE | F Relax |
| Epidemiology and evaluation of therapeutics in dermatology and immune-mediated inflammatory diseases | Epily | E. Sbidian |
